SYSTEM PROCESSING:

1. Inactive Status. There will be no LES issued for inactive employees unless an adjustment is made to the employee's payroll records, or the retirement 'Register Process Date' is entered. Employees who have a T&A status code 'P', will not receive a hard copy LES but will continue to have their LES sent to myPay. Upon separation, LES will change to Hardcopy and myPay access will continue for 13 months.

2. Biweekly LES including Awards. Awards are included on the regular biweekly LES. The employee's regular pay and current award amounts are identified separately in the earnings section of the LES, the following remark will be printed in the remarks section: 'NET PAY INCLUDES CURRENT AWARD NET OF _____'. Year to date amounts include award amounts.

When a retroactive correction is done to a cash award and a retroactive payment or retroactive overpayment deduction is created, the applicable amounts will be shown in the retroactive section of the LES and the applicable remark generated. Retroactive payments for cash award amounts will not be displayed in the current earnings section of the LES.

3. File Content/Creation.

a. Multiple net pay LES data files are created, from each DCPS database. The system uses state/zip code, and delivery point barcode data to create the files.

b. Per USPS mailing regulations, the biweekly net pay LES files printed and mailed by U.S. DLA-DS sites are divided into separate Barcoded and Non Barcoded files, then each file is sorted by Zip Code and SSN within geographic location.

c. Per Military mailing regulations, the biweekly net pay LES files printed and mailed by DLA-DS Ramstein and DLA-DS Yokusuka, using the employee mailing address data, are sorted by Zip Code, then UNIT, and then by BOX number.

d. The Payroll Office address is the return address for biweekly net pay LES's printed and mailed by U.S. DLA-DS sites.

e. In order to comply with Military mailing regulations, the local DLA-DS address is the return address for all LES files printed and mailed by DLA-DS Ramstein and DLA-DS Yokusuka.

4. File Printing. The specific data used by the system to determine which DLA-DS site will print employee LES's is identified below:

a. If the employee's MER mailing address **STATE** is a U.S. State, Possession, or Territory abbreviation (as listed below) the **STATE** is used to determine which DLA-DS site will print the LES.

b. If the employee's MER mailing address state is '**AA**' DLA-DS Indianapolis will print the LES.

c. If the employee's MER mailing address state is '**AE**' and the zip code is 09508, 09593 or 09596 DLA-DS Indianapolis will print the LES.

d. If the employee's MER mailing address state is '**AE**' and the zip code is 09704, 09727, 09730, or 09731 the DLA-DS site servicing the payroll office will print the LES.

e. If the employee's MER mailing address state is '**AE**' and the zip code is not one listed above in paragraphs c or d, DLA-DS Ramstein will print the LES.

f. If the employee's MER mailing address state is '**AP**' DLA-DS Yokusuka will print the LES.

g. If the employee's MER mailing address is a **Foreign address** DLA-DS Indianapolis will print the LES.

h. If the Employee Agency is NV, Major Claimant is 33, and Occupation is CIVMAR then DLA-DS Indianapolis will print the LES.

i. The exception to the above criteria is if the employee's MER mailing address STATE is invalid (not listed below), and the Employing Activity mailing address State is 'AE' or 'AP' the local DLA-DS site servicing the Payroll office will print the LES.

DLA-DS Sites. DLA-DS site identification codes are used by the system to identify the site as U.S. (C), Overseas (O), or MSC (M) print site. The following list identifies each DLA-DS print site, the assigned DLA-DS Site ID, and the designated contingency print site for the LES files.

6. File Data Storage. LES files are automatically transmitted to the designated DLA-DS print site. DCPS divides large LES files, prior to transmission to DLA-DS, into multiple files containing no more than 25,000 LES's each.

The LES data is stored and identified in System Archive Retrieval (SAR) as follows: The database ID, P6641, last three digits is the DLA-DS ID (i.e. ZFANP6641C01).

7. In Lieu of Leave and Earnings Statement (LES). Customer Service Representatives (CSR) have the capability to request an In Lieu of LES be generated instead of a reprint of the original Department of Defense Civilian Leave and Earnings Statement from DLA-DS. The CSR can accomplish this by inputting an employee's SSN, either of the prior two pay period end dates and a printer id on a defined screen. The In Lieu of LES will provide to the employee all of the information that the hard copy LES provides.

8. Electronic Leave and Earnings Statement (LES). Civilian employees have view access to 26 pay periods (current plus 25 prior) of LESs via the WEB using myPay. Print capability will also be available. Employees may elect to stop the conventional 'hardcopy' delivery of their LES. Some employees may also elect to restart the conventional 'hardcopy' delivery electronically. If an employee is in a pending status, 'P' in T&A, and receives no pay, they will not receive a hard copy LES. However, they will still have access to their LES electronically.

9. Military Sealift Command's Civilian Mariner employees will have additional print files created by Organization with the Organization being in the file name, and the LESs in these files are sorted by name within position. These files are sent to the Print Contractor and are processed into a finished LES, but instead of being printed, the LESs are written to a file in PDF format. Those files are transmitted to MSC for distribution to each Organization.

10. P6441 LES Delivery for Hardship Situations. A workaround for changing the LES delivery for employees whose agency only allows electronic delivery is available for situations considered to be a hardship. The agency will submit a completed eLES Waiver form to the ESS Civilian Pay mailbox. The form, which includes the mailbox address, is available on the DFAS4DOD.mil website. ESS will submit a DCPS Action Request (DAR) and I&T will schedule job NR2P0 to run on the appropriate database to change the LES delivery to hardcopy.
