

ARIZONA NATIONAL GUARD – ACCELERATED HIRING OPPORTUNITY

ACCELERATED HIRING AUTHORITY #24-044AHA

POSITION / GRADE: Machinist WG-3414-08/11

SALARY: \$27.03 to \$43.93 hourly rate

TYPE OF APPOINTMENT / TENURE: T32 / PERM

Service: Excepted

LOCATION: 162d WG, Arizona Air National Guard, Tucson, Arizona

AREA OF CONSIDERATION:

RANK: Amn/E-2 to SSgt/E-5

AFSC: Must possess or be able to qualify for 2A7X1

Must be a current member of the Arizona Air National Guard.

SUMMARY OF DUTIES: The primary purpose of this position is to perform machining operations and welding to accomplish the manufacture and repair of aircraft components, tools, equipment, parts, and special tools.

HOW APPLICANTS WILL BE ASSESSED: Your resume and supporting documentation will be used to determine if you meet the qualifications (general and/or specialized experience), areas of consideration, and other requirements. Verbiage displayed on your resume or application must contain your own words. You may refer to the position description and specialized experience located within the vacancy announcement to assist with describing work experience; however, resumes or applications received in verbatim will not be considered. Please use as much detail as needed, giving dates (months and years) of the experience, position titles and how the general and/or specialized experience was gained. This information is needed to determine if you are qualified for the position.

SPECIALIZED EXPERIENCE REQUIREMENTS: NOTE: Please identify the lowest acceptable grade level you would like to be considered for in resume and/or email body. Failure to do so may result in non-consideration.

WG-3414-08: Must possess at least 12 months experience or training performing the full range of machining operations on most types of conventional or CNC machine tools and their various attachments. Experience or training in planning and lay out work from blueprints, worksheets and other drawings that may have missing or incorrect information. Skill in applying shop mathematics in establishing needed dimensions, such as those required for chasing threads or machining angular surfaces; locating and marking surfaces and angles to be machined. Skill in programming machining operations, setting up and operating CNC machine tools. Knowledge of and ability to apply advanced shop mathematics such as geometric and trigonometric formulas to make computation for laying out work, machining pieces at unusual or compound angles, determining gear ratios pitch, angles and other similar exact or precision dimension.

WG-3141-11: Must possess at least 18 months experience or training performing the full range of machining operations on most types of conventional or CNC machine tools and their various attachments. Experience or training in planning and lay out work from blueprints, worksheets and other drawings that may have missing or incorrect information. Skill in applying shop mathematics in establishing needed dimensions, such as those required for chasing threads or machining angular surfaces; locating and marking surfaces and angles to be machined. Skill in programming machining operations, setting up and operating CNC machine tools. Knowledge of

and ability to apply advanced shop mathematics such as geometric and trigonometric formulas to make computation for laying out work, machining pieces at unusual or compound angles, determining gear ratios pitch, angles and other similar exact or precision dimension.

CONDITIONS OF EMPLOYMENT & NOTES:

- This position is subject to rotating or night shift work.
- Incumbent must possess a Secret Security Clearance
- Must have a valid state driver's license for the state in which they live or are principally employed.
- Military grade will be determined at time of selection and is dependent upon military positions available on the Unit Manning Document (UMD). Individual selected may have to be reduced in grade if a military position at their current grade is not available in order to be selected for this full-time position.

MILITARY TECHNICIAN COMPATIBILITY: Prior to placement in this position, the selected applicant must be assigned to an appropriate military position and must meet the definition of a dual status technician in accordance with 32 U S C 709(b) & CNGBI 303.

REQUIRED DOCUMENTS: Resume and most current Report on Individual Personnel (RIP)
