## **MEDIA ADVISORY**

# **21<sup>th</sup> Annual Arizona Construction Career Days Kicks Off Wednesday**

PHOENIX (November 2-3-2022) – On Wednesday, Nov. 2, 2022, the 21<sup>st</sup> annual Arizona Construction Career Days kicks-off at Papago Park Military Reservation and organizers believe this will be the largest year to date.

This year, approximately 4,300 students and 410 teachers from 100 schools and representing 11 of Arizona's 15 counties registered to attend the two-day event that brings construction science professionals and high school students together.

The event enables students to participate in hand on exhibits, run nails into 2 X 4's and even climb into (and run) heavy equipment. All of this is done with the hope of having students learn about the exciting careers in construction sciences and encouraging them to consider a career in construction.

In coordination with and support of Arizona Construction Career Days, Governor Doug Ducey has proclaimed November as Careers in the Construction Sciences Month. Additionally, this event represents a private-public partnership as volunteers from several state agencies and private organizations work together on the steering committee to plan the event and "Build Tomorrow's Construction Workforce Today".

**WHO: Construction Industry Leaders, Educators, Military & Private Sector  
Over 4,300 high school students and nearly 400 teachers**

-more-
