### ***Arizona Business Emergency Coordination Center (BECC)***

The Arizona BECC is activated in times of crisis to facilitate the dissemination of information, determination of needs, and coordination of resources and efforts among the private sector during an emergency. Most often, the BECC is staffed by a DEMA representative and those Private Sector partner(s) (virtually) that are affected or impacted by the incident and in concert with a State Emergency Operations Center activation.

Your participation is both encouraged and appreciated. Thank you for your support of the DEMA mission to be *ready for, responsive to and reliable* in serving the needs of the "Whole Community."

\*Please complete both sides of this form, then the DEMA Private Sector Liaison will contact you with additional no obligation information.
