

## You are invited to a Public Open House

The Arizona Army National Guard (AZARNG) is preparing an Environmental Assessment (EA) to evaluate potential impacts of the development of the proposed Florence Military Reservation (FMR) on-site quarry (Project). The Project would support training, administrative, and logistical requirements for the AZARNG's Mission Essential Training. FMR is located approximately 3 miles north of the center of Florence along State Route 79 (SR 79). The quarry site is within the FMR located east of SR 79 adjacent to an existing crushing operation.
