MG Hugo E. Salazar  
THE ADJUTANT GENERAL

July 31, 2013

The Honorable President Andy Biggs  
Arizona State Senate  
1700 West Washington Street  
Phoenix, Arizona 85007

Dear Mr. President,

On behalf of the Governor, I am pleased to submit the FY2013 Arizona State Emergency Council August 1, 2013 Report.

A.R.S. §35-192, E, provides that each August 1<sup>st</sup> a report of the activities conducted by the council shall be prepared. This report describes the Gubernatorial proclamations of FY2013, the proclamations that were terminated, continuing, actions taken by the State Emergency Council and attachments detailing expenditures by event and type.

During the period from July 1, 2012 through June 30, 2013, the Governor signed six proclamations that provided financial and technical assistance to: Yavapai County for a post-fire flooding event and two major fires, the Town of Duncan and Greenlee County for a flooding event, Navajo and Apache Counties for support to a Winter Storm emergency on the Navajo Nation, and in support of ADOT's FHWA request for the collapse of Highway 89.

The Department of Emergency and Military Affairs is the lead state agency for disaster preparedness, response, recovery and mitigation and provides critical support to the citizens of the state and its political subdivisions through the Arizona National Guard and the Division of Emergency Management. If you have any specific questions regarding this report please contact Mr. Will Schulz at 602-464-6310.

Sincerely,

Hugo E. Salazar  
Major General, AZ ARNG  
Director, Department of Emergency & Military Affairs

CC: Joseph Cuffari, Policy Advisor

Enclosure: Arizona State Emergency Council August 1, 2013 Report

Arizona State Emergency Council

August 1, 2013 Report

FY2013

July 1, 2012 – June 30, 2013

In compliance with section §35-192E of the Arizona Revised Statutes, the following report is a summary of obligations, allocations and expenditures of state funds under the authority granted by the State Legislature in §35-192E, Arizona Revised Statutes. The report represents the actions taken by the Governor and the Arizona State Emergency Council (Council) in response to Arizona's emergency needs during FY2013 beginning July 1, 2012 through June 30, 2013.

**I. GUBERNATORIAL PROCLAMATIONS DECLARED**

As a result of emergency situations, which were beyond the capability and resources of local government, six gubernatorial proclamations were declared during FY2013.

**A. Post-Gladiator Fire Flooding (73008)**

Declared: August 23, 2012

On July 13-14, 2012, a series of powerful seasonal monsoon rain storms passed over areas in Yavapai County that were severely burned by the Gladiator Fire. The heavy rains resulted in significant flooding and debris flow in the Lincoln Ridge and Peck Canyon watersheds. This debris and heavy sediment flow damaged several portions of the Crown King Road as well as other areas that are subject to repeated damage from floods off the Gladiator Fire burn areas. The landslides and erosion of the road stranded a motorist on July 13, requiring emergency response and removal of large boulders from the roadway. Crown King Road provides the only viable access to and from the town of Crown King, as well as the main route of ingress and egress for emergency vehicles. The flooding will require major construction to repair the road to its pre-disaster condition, as well as potential mitigation efforts to fortify the road from future flooding damage.

The County, in accordance with A.A.C. R8-2-304, requested assistance from the State with the repair of the roadway and related engineering.

The Governor's declaration appropriated \$100,000 to this emergency for these repairs.

**B. Greenlee County/ Town of Duncan Flooding (73009)**

Declared: October 12, 2012. Effective: September 6, 2012

From September 6-12, a series of heavy rainstorms struck southern Greenlee County – damaging critical infrastructure and eroding large sections of the main road serving the Town of Duncan. The community has a shortage of equipment and personnel necessary to mitigate damage of this scale. The Greenlee County Board of Supervisors has declared a State of Emergency in order to assist the town.

The County, in accordance with A.A.C. R8-2-304, requested assistance from the State with the emergency and permanent repairs. Preliminary damage assessments were conducted by Recovery office personnel in conjunction with County Public Works.

The Governor's declaration appropriated \$100,000 to this emergency for these repairs.

**C. Navajo Nation-Operation Winter Storm (73013)**

Declared: February 5, 2013

January 12, 2013 began a period of extreme sub-freezing temperatures in much of Northern Arizona, including all of the Hopi Tribe and Navajo Nation, as an arctic air mass moved over the area. Record or near record low temperatures caused significance damage to the potable water infrastructure creating severe potable water shortages and potential public health and safety situations on the Hopi and Navajo Nation. Public facilities, educational facilities, homes, and businesses were impacted. Weather conditions caused limited accessibility to water infrastructure and significantly delayed repairs.

The Counties, Navajo Nation, and the Hopi Tribe, in accordance with A.A.C. R8-2-304, requested assistance from the State with the repair of the infrastructure and related engineering.

The Governor's declaration appropriated \$200,000 to this emergency for these repairs.

**D. Highway 89 Collapse (73014)**

Declared: February 28, 2013

Early on the morning of February 20, 2013, the road surface along U.S. Highway 89, north/south bound at mile post 526.6 collapsed. The Arizona Department of Transportation closed this area of U.S. Highway 89 indefinitely and established a safe detour around the area of impact for traffic. This slope failure and subsequent collapse of highway infrastructure has created a significant public safety situation for this area of Northern Arizona. The severity and magnitude of damage to the highway infrastructure has exceeded the capacity of the Arizona Department of Transportation (ADOT), requiring support of the Federal Highway Administration (FHWA).

The Governor's declaration appropriated did not allocate any funds to this emergency for repairs.

**E. Doce Fire (73023)**

Declaration: June 20, 2013

On June 18, 2013, the human-caused fire originated in the Prescott National Forest. The fire forced residents of Williamson to evacuate and threatened over 900 homes. The Doce Fire burned uncontrolled for eight days as federal and state fire suppression resources responded and worked to suppress the fire.

The Arizona State Forestry Division received a Fire Management Assistance Grant from the Federal Emergency Management Agency on June 19, 2013 that supported the reimbursement of costs associated with suppression of the fire being directed by the Incident Management Team and emergency protective measures and response efforts conducted by county and state agencies as directed by the county.

The County, in accordance with A.A.C. R8-2-304, requested assistance from the State with the emergency and permanent repairs, as well as reimbursement of labor and equipment utilized in their emergency response. Preliminary damage assessments were conducted by Recovery office personnel in conjunction with County Public Works, and the damage has been estimated to be \$25,000 for both emergency and permanent work.

The Governor's declaration appropriated \$100,000 to this emergency for these repairs.

**F. Yarnell Hill Fire (730024)**

Declaration: July 1, 2013

Effective: June 28, 2013

The Yarnell Hill Fire, which was caused by lightning, began burning June 28, 2013, 1.5 miles west of the community of Yarnell. The Yarnell Hill Fire burned uncontrolled for thirteen days as federal and state fire suppression resources responded and worked to suppress the fire. On Sunday, June 30, 2013, nineteen firefighters from the Granite Mountain Hotshot crew lost their lives battling the blaze. Prior to its containment, evacuations were ordered for the residents of Yarnell and Peoples Valley due to the extreme fire behavior. 108 homes were destroyed in this fire.

The Arizona State Forestry Division received a Fire Management Assistance Grant from the Federal Emergency Management Agency on June 30, 2013 that supported the reimbursement of costs associated with suppression of the fire being directed by the Incident Management Team and emergency protective measures and response efforts conducted by county and state agencies as directed by the county.

The County, in accordance with A.A.C. R8-2-304, requested assistance from the State for reimbursement of labor and equipment utilized in their emergency response but not covered by AZ Dept. of Forestry.

The Governor's declaration appropriated \$200,000 to this emergency for these costs.

## II. GUBERNATORIAL PROCLAMATIONS TERMINATED

- A. **PCA 26003 Operation Good Neighbor**  
Declared: December 3, 2005

Terminated: February 5, 2013

## III. GUBERNATORIAL PROCLAMATIONS CONTINUING

- A. **STATEWIDE DROUGHT EMERGENCY (99006)**  
Declared: June 23, 1999
- The Governor proclaimed an emergency due to the lack of precipitation.
  - On May 22, 2007, the Governor signed Executive Order 2007-10, Drought Declaration for The State of Arizona. The Order supplements the directives in the Statewide Drought Emergency and shall remain in effect until the Governor rescinds it.
  - Loans that offset economic losses because of reduced revenues to farmers and ranchers caused by drought have been made available by USDA and Small Business Administration.
  - No funding allocation from the Governor's Emergency Fund has been made.
- B. **NORTHERN ARIZONA WINTER STORM EMERGENCY (25004)  
(Presidential Declaration FEMA-DR-1581-AZ)**  
Declared: December 29, 2004  
Amended: December 30, 2004, January 4, 2005 and January 11, 2005  
Presidential Declaration FEMA-1581-DR-AZ: February 17, 2005

- The President's declaration provided Public Assistance and Hazard Mitigation Grant Programs for Coconino, Gila, Mohave, Navajo and Yavapai Counties and the Hopi and Navajo Nations.
- The Small Business Administration (SBA) declared an emergency for Mohave County.
- Maricopa County was not included in the Federal declaration as they did not meet the county threshold requirement in accordance with the federal regulation. Maricopa County is supported under the Governor's declaration.
- Five (5) applicants are in their final closeout processes. The remaining thirty-one (31) applicant files have been closed. We anticipate being able to close out this event with DHS/FEMA in FY13.
- Total allocations from the Governor's Emergency Fund to date are \$2,758,414 with no anticipated additional future allocation needs.

**C. FEBRUARY 2005 WINTER STORMS & FLOODING EMERGENCY (25005)**

**(Presidential Declaration FEMA-DR-1586-AZ)**

Declared: February 16, 2005

Amended: March 8, 2005

Presidential Declaration FEMA-1586-DR-AZ: April 14, 2005

- The President's declaration provided Public Assistance and Hazard Mitigation Grant Programs for the counties of Gila, Graham, Greenlee, Mohave, Pinal and Yavapai as well as the Havasupai Tribe, the Hopi Tribe, the San Carlos Apache Tribe and the portion of the Navajo Tribal Nation within the State of Arizona.
- Maricopa County was not included in the Federal declaration as they did not meet the county threshold requirement in accordance with the federal regulation. Maricopa County is supported under the Governor's declaration.
- Two projects are still active/outstanding for this event.
- Total allocations from the Governor's Emergency Fund to date are \$4,212,689 with no anticipated additional future allocation needs.

**D. SUMMER 2006 MONSOONS & FLOODING EMERGENCY (27001)**  
**(Presidential Declaration FEMA-DR-1660-AZ)**

Declaration: August 8, 2006

Amended: September 13, 2006

Presidential Declaration FEMA-1660-DR-AZ: September 7, 2006

Amended: September 29, 2006 and November 9, 2006

- The President's declaration and subsequent amendments made Public Assistance and Hazard Mitigation Grant Programs available for Gila, Graham, Greenlee, Navajo, Pinal and Pima Counties, the Gila River Indian Community within Pinal County, the tribal areas of the Hopi

Tribe within Navajo County, the Navajo Nation within Apache, Coconino and Navajo Counties and the Tohono O'Odham Nation within Pima and Pinal Counties.

- There is still one open/active project for this event. Several applicants are still in the audit review process.
- Total allocations from the Governor's Emergency Fund to date are \$1,926,217 with an anticipated future allocation need of \$1,182,781 for current unfunded outstanding obligations.

**E. JANUARY 2010 WINTER STORM EMERGENCY (20102)  
(Presidential Declaration FEMA-DR-3307-AZ AND FEMA-DR-1888-AZ)**

Declaration: January 21, 2010

Amended: February 11, 2010

Presidential Declarations: FEMA-3307-DR-AZ: January 24, 2010

FEMA-1888-DR-AZ: March 18, 2010

- The Governor declared an emergency for significant cumulative precipitation coupled with high winds and heavy snow in areas across Arizona from January 18 – 22, 2010. This storm system led to record levels of snowfall and significant flooding posing an extreme danger to public health and safety.
- On January 24, 2010 the Governor submitted a request to the President for an Emergency Declaration in support of life sustaining efforts to the citizens of the Hopi Tribe and Navajo Nations. This was a complex incident involving two tribes, three counties and a very large geographical area.
- President Obama declared an emergency on January 24, 2010 and authorized Federal relief for the affected area.
- The President's major disaster declaration made Public Assistance and Hazard Mitigation Grant Programs available for Apache, Coconino, Gila, Greenlee, La Paz, Mohave, Navajo and Yavapai Counties and the Gila River Indian Community, Hopi Tribe, Navajo Nation, San Carlos Apache, Tohono O'odham Nation and White Mountain Apache Tribe.
- The Governor's requests for Snow Assistance as well as activation of FEMA's Individual Assistance Program were denied, as was the appeal.
- There were a total of 243 projects associated with this event. Nineteen are still open and active. The remaining projects are in various stages of final inspection, audit and closeout.
- Total allocations from the Governor's Emergency Fund to date are \$3,860,000 with an anticipated future allocation need of \$185,000 for current unfunded outstanding obligations.

**F. SCHULTZ FIRE POST-FIRE FLOODING EMERGENCY (11001)  
(Presidential Declaration FEMA-DR-1940-AZ)**

Declaration: July 21, 2010

Presidential Declarations: FEMA-1940-DR-AZ: October 4, 2010

Amended: November 22, 2010

- On July 20, 2010 an early afternoon rainfall of about 1.6" to 2" within a 30 minute timeframe fell on the steep terrain and intense burn area of the Schultz Fire. This rain caused flash flooding of debris, ash, mud and rain impacting many downstream communities in the Flagstaff area.
- On September 16, 2010 the Governor submitted a request to the President for a Major Disaster Declaration for this Post-Fire Flooding event.
- On October 4, 2010, the President declared a major disaster for Coconino County, activating the Public Assistance Program and making available the Hazard Mitigation Grant Program to political subdivisions statewide. Both of these programs are to be administered by the Arizona Division of Emergency Management.
- On November 22, 2010, the President amended this declaration to include the Hopi Tribe. FEMA is providing the Hopi Tribe with support for the Public Assistance and Hazard Mitigation Grant Programs. As a sovereign nation the Hopi Tribe is working directly with DHS/FEMA and will provide for their non-federal cost share.
- Total allocations from the Governor's Emergency Fund to date are \$1,500,000. More than half of the projects for this event are still underway.

**G. MONSOON 2010 FLOODING EMERGENCY (11003)**

Declaration: August 4, 2010

- On July 19, 2010, through July 29, 2010, a series of potent monsoon thunderstorms causing high winds and flash floods damaged many locations in southeastern Arizona. The heavy rains resulted in unusually strong flooding events and caused extreme peril to public health and safety in two primary areas: Wards Canyon in Greenlee County and the Nogales Wash in Santa Cruz County.
- These water flows caused extensive damages to public infrastructure and threatened resources that provide essential life services to Greenlee and Santa Cruz residents, primarily roads and sewer lines.
- Total allocations from the Governor's Emergency Fund to date are \$315,000 with an anticipated future allocation need of \$400,000 for current unfunded outstanding obligations.

**H. DECEMBER 2010 FLOODING (73001)**

Declaration: January 27, 2011

- Between December 18, 2010 and December 22, 2010, a series of heavy rainstorms caused flash floods that damaged several areas in northwestern Arizona. The heavy rains resulted in significant flooding causing extreme peril to public health and safety to residents of the Beaver Dam/Littlefield area and Town of Colorado City in Mohave County.
- An abnormally high flow of water was measured in a tributary of the Virgin River in Beaver Dam/Littlefield, and created considerable damage to both public and private properties, including homes. Public infrastructure damages included impacts to a sewage system in Virgin River and road damages in Colorado City.
- The Governor's declaration appropriated \$100,000 to this emergency. There is an anticipated future allocation need of \$70,000 for current unfunded outstanding obligations.

**I. WALLOW FIRE (73002)**

Declaration: June 6, 2011

- The Wallow Fire began in the Apache-Sitgreaves National Forest in Greenlee County on May 29, 2011. On June 6, 2011 the Governor declared an emergency for Apache and Greenlee Counties.
- Arizona State Forestry Division received a Fire Management Assistance Grant (FMAG) from FEMA on June 2, 2011. This grant will support the reimbursement of costs associated with suppression of the fire being directed by the Incident Management Team and emergency protective measures and response efforts conducted by agencies at the direction of Apache County. Funding allocated under this disaster declaration is to support costs not covered by the FMAG and/or for recovery support following suppression of the fire.
- On July 6, 2011 the Governor requested assistance from the Small Business Administration (SBA) in the form of an Economic Injury Disaster Loan Declaration for Apache County.
- The Governor's declaration appropriated \$200,000 to this emergency. Additional funds will not be needed. This event is in the closeout process.

## V. CONTINGENCIES

### A. **STATEWIDE SEARCH AND RESCUE CONTINGENCY (70100)**

There were 708 search and rescue mission identifiers issued for field operations during FY2013. Costs reimbursed to County Sheriffs and State support agencies as well as audit costs incurred for this contingency totaled \$300,591.26. Funding allocations made for the Search and Rescue Contingency within fiscal year 2013 totaled \$200,000.

**B. HAZARDOUS MATERIALS CONTINGENCY (80100)**

There were no hazardous materials incident responses supported by the Governor's HAZMAT Contingency Fund during the period July 1, 2012 to June 30, 2013. Accordingly, there were no funding allocations made for the Hazardous Materials Contingency within fiscal year 2013.
