7. Individuals selected for Control Grade positions are subject to Control Grade availability.

Acceptance of this position requires participation in the Direct Deposit/Electronic Funds Transfer Program

EVALUATION PROCESS: Each applicant must **FULLY SUBSTANTIATE** on their application how they meet the requirements listed in the specialized experience area; otherwise applicant will be considered unqualified for this position. Applications will be evaluated solely on information supplied in the application (NGB Form 34-1) or resume. Experience will be evaluated based on relevance to the position for which application is being made. Include job titles, starting and ending dates (month and year), hours per week, salary, duties/accomplishments, employer(s) name and address, and supervisor(s) name/phone number and permission to contact.

EQUAL OPPORTUNITY: The Arizona National Guard is an Equal Opportunity Employer. Selection for this position will be made without regard to race, religion, age, national origin, sex, political affiliation, marital status, membership or non-membership in an employee organization or any other non-merit factor.

KNOWLEDGE, SKILLS AND ABILITIES REQUIRED FOR SUCCESSFUL PERFORMANCE IN THIS POSITION:

Each applicant should fully justify on their application how they meet each KSA listed below using AZNG Form 335-2-R to reference the justification.

1. Knowledge of airplane systems and procedures under normal, instrument and emergency conditions.
2. Ability to provide preflight briefings in the followings areas: intelligence, mission planning, weather factors and mission objectives.
3. Ability to review and analyze directives, regulations, accident reports, flying safety publications and airfield conditions.
4. Ability to plan, develop and implement unit-flying schedules.

SPECIALIZED EXPERIENCE: Applicants must demonstrate the following specialized experience competencies (skills, knowledge, and abilities) to qualify for appointments to GS-2181-13 Air National Guard Dual Status Officer positions. For Air National Guard positions, must have at least two years working experiences in civilian aviation programs; or, military service aviation programs (active duty or reserve components); or, in the Army National Guard Aviation Support facility; or, Air National Guard Wing/ Operations Group. Qualification competencies are determined by three factors: The aircraft operated; the nature and purpose of assignments; and, the degree of hazard. Experienced in piloting and instructing pilot skills in one or more of the following main-frame/military aircraft: Fixed-wing, rotary, or remotely piloted aircraft (RPA). Although a variety of piloting administrative tasks are performed in support of an Air National Guard aviation program, the required competence for this grade includes the ability to train and instruct others in the piloting of a specified main-frame military aircraft. Experienced in reading and applying mission tasks, intelligence reports, and weather information. Experienced in supervising and/or conducting mission planning, mission preparations, filing of flight plans, and conducting crew briefings. Experienced in aircraft preflight inspections, aircraft loading, equipment assessments, and mission manning. Experienced in operating aircraft controls and equipment. Experienced in performing or supervising the work procedures involved in navigation, in-flight refueling, search and rescue operations, surveillance, or reconnaissance. Experienced in conducting or supervising crew member training on simple to complex mission specific tasks. Experienced in developing plans and policies, monitoring operations, and advising commanders. Experienced in flight theory, air navigation, meteorology, flying directives, aircraft operating procedures, and mission tactics. Experienced in planning and preparing for missions; and, must have at least two years experiences in piloting or instructing others in piloting specific air-frame/military aircraft. Experienced in various piloting administrative tasks performed in support of Air National Guard aviation programs. Experienced in aviation unit quality control management programs, Experienced in the unit flying, explosive, and ground safety programs in accordance with Department of the Air Force, National Guard Bureau, and Occupational Safety and Health Administration directives. Experienced in applying directives, regulations, accident reports, safety data, and local operating conditions

to determine unit safety program requirements. Experienced in flying operations and coordinating with appropriate agencies to ensure compliance with all applicable safety regulations and programs. Experienced in one or more missions such as, air-to-air; air-to-ground; mortar-to-arm escort; surveillance; reconnaissance; surface attack; killer-scout; target illumination; or laser targeting. Experienced in traditional "stick and rudder" type controls for piloting aircraft direction, altitude, and speed. Experienced in using aircraft instrumentation and aircraft mounted video cameras. Experienced in visual flight-rule type flying and aircraft instrument flying. Experienced in flying simulated "real world" combat and non-combat missions and terrain. Experienced in planning, scheduling, and conducting training flights through Federal Aviation Administration controlled national airspace. Experienced in applying operational directives, training directives, instructions, standard operating procedures, and special instructions of National Guard Bureau, United States Army or United States Air Force, and gaining commands. Experienced in working independently to plan and perform work assignments. Experienced in completing safe and efficient mission accomplishments through the use of Operational Risk Management. Experienced performing aviation duties such as, cancelling flying activities, diverting aircraft, dictating mission requirements, approving specific activities, coordinating for airport or airspace utilization with FAA, or directing emergency actions that involved unit support agencies. Experienced in using applicable Army aviation regulations, policies, requirements and standards, skills and practices; and, the application of instructional techniques to the training of other pilots in the Army National Guard flying facilities. Experienced in conducting particular missions and flying specific main-frame aircraft in combat tactics, flying in mountainous terrain, performing tactical remote site evaluations, performing landings on remote sites, providing ground and flight training, and conducting night-vision operations or instructions. Experienced in standardization and evaluation programs, written ground examinations, emergency procedures, and aircrew performance standards in accordance with applicable directives and Federal Aviation Administration certification requirements. Experienced in reviewing and complying with applicable service flight publications and directives for accuracy and currency. Experienced on weaponry and combat or non-combat tactics for applicable military aircraft. Experienced with wartime and peacetime contingency plans and supplements used for unit mobilizations, deployments, strange field operations, or troop missions and redeployments.

BRIEF JOB DESCRIPTION: This position is located at the 162nd Wing (Tucson, AZ) at the unit level in the ANG Aviation Wing, Operations Group at selected Air Combat Command (ACC) and Air Education Training Command (AETC) gained flying units in the Air National Guard (ANG). The primary purpose of the position is to provide ground and flight instruction in high performance, military fighter aircraft i.e. A-10, F-15, F-16 and F-22 weapon systems. In addition to flying training responsibilities, flight instructors perform assignments related to the operational readiness of their unit and administrative tasks in support of the Operations Group program. Positions in this series involve piloting or co-piloting aircraft to carry out various operational programs and functions of the Army and Air National Guard. The work provides ground and flight instruction and evaluation in aircraft piloting. The positions perform staff work concerned with planning, analyzing, or administering agency specific aviation programs, where the work requires primarily the application of pilot knowledge and skills. The Series encompasses all functions performed by rated pilots to conduct or directly support flying operations and training missions. Inherently included in this Series are supervisory and staff functions such as commanding, inspection, contingency planning, and policy formulation. The career area encompasses utilization fields that directly employ weapons and supporting weapon systems to accomplish the Army National Guard and Air National Guard operational missions. It encompasses flying operations and non-operational aviation positions concerned with the employment and support of aviation units and elements. This Series directs and coordinates the employment of aviation units in support of land combat operations. It provides expertise at all levels of command to develop doctrines and plans essential to the successful employment and deployment of aviation systems. Included in this Series are Operations Commanders, Pilots, Combat Systems Officers, Remotely Piloted Aircraft Pilots, Special Tactics, Combat Rescue, Space, Nuclear and Missile Operations, Maintenance Test Pilots, Cyber Operations, Operations Security, and Operations Support.

SELECTING OFFICIAL: Lt Col Collin Coatney (collin.p.coatney.mil@mail.mil)
