APPLICATIONS MUST BE MAILED OR HAND CARRIED TO: Human Resources Office, 5636 E. McDowell Road, Bldg M5710, Phoenix, AZ 85008-3495. Applications must be received by close of business (1530 MST) on the closing date shown above or if mailed postmarked no later than the closing date. The Human Resources Office will not accept applications that are mailed at government expense, exceptions to hard-copy delivery may be considered on case-by-case basis. Please contact 602-629-4826/4834 for consideration. Faxed applications will not be accepted.

AREA OF CONSIDERATION:

This position is in the Federal/Excepted Civil Service and is **open to current members and those eligible for membership in the Arizona Air National Guard.** Individual selected will receive an **Indefinite Appointment** and may be converted to permanent based on availability of funds or position no longer being encumbered. Acceptance of a Federal Excepted technician position of over 179 days in length will cause termination from the Selected Reserve Incentive Program (BONUS). Individual selected will require a military medical records screening if applicable, to be completed prior to appointment, and/or may be required to take a pre-employment medical screening examination dependent on the position type and military medical records screening results.

INSTRUCTIONS FOR APPLYING: Individuals applying for vacancies with the Arizona National Guard may submit Optional Form 612 (Optional Application for Federal Employment), or a Resume. Application documents must contain the Announcement Number, Title and Grade(s) of the job being applied for. Personal information must include full name and address (including ZIP Code), Day and evening phone numbers (with area code). Work experience information should be limited to either paid or nonpaid experience directly related to the position that the individual is applying for and must include: Job Title, Duties and accomplishments, Employers name and address, Supervisors name and phone number, starting and ending dates, hours per week and salary.

Applicants **MUST** submit a completed AZNG Form 335-2-R (Knowledge, Skill and Ability Supplement) or a separate document explaining how they meet each Knowledge, Skill and Ability listed below and a Resume or the Optional Form 612. Applicants **MUST** submit complete RIP and/or other documentation to verify possession of AFSC.

EVALUATION PROCESS: Each applicant must **FULLY SUBSTANTIATE** on their application how they meet the requirements listed in the specialized experience area; otherwise applicant will be considered unqualified for this position. Applications will be evaluated solely on information supplied in the application (OF 612) or resume. Experience will be evaluated based on relevance to the position for which application is being made. Include job titles, starting and ending

dates (month and year), hours per week, salary, duties/accomplishments, employer(s) name and address, and supervisor(s) name/phone number and permission to contact.

CONDITION OF EMPLOYMENT: Prior to appointment into this position, selectee must be a current member of the Arizona Air National Guard, (162nd WG) and must possess the following AFSC: 2W0X1

- Federal employment suitability as determined by a background investigator.
- May be required to successfully complete a probationary period.
- Participation in the Direct Deposit/Electronic Funds Transfer Program.
- Military Uniform must be worn.
- Applicants must maintain membership and employment in the National Guard in the military grade listed in this announcement.

EQUAL OPPORTUNITY: The Arizona National Guard is an Equal Opportunity Employer. Selection for this position will be made without regard to race, religion, age, national origin, sex, political affiliation, marital status, membership or nonmembership in an employee organization or any other non-merit factor.

Relocation Incentive may be offered: YES NO
PCS may be offered: YES NO

NOTES:

- Open until filled- Applications will be reviewed every 30 days for consideration for hire until 12 Dec 2018.
- No known military promotion is associated with this Technician Vacancy. All selected applicants will be placed in a position commensurate with their current rank and boarded for promotion at the discretion of military supervision.
- This position is subject to rotating or night shift work in support of a 24/7 Operation.
- Limited Permanent Change of Station (PCS) funds may be authorized if funds are available.
- Unless otherwise amended this position will close on 12 Dec 2018.
- All Selected applicants will be placed on an Order of Merit List in the order of their referral and selection ranking.
- Acceptance of an offer of employment made from this vacancy announcement will require the selected applicants at the time of appointment to sign a statement of understanding that clearly outlines the selected applicants Individual Development Plan (IDP) KSA training requirements and minimum Specialized Experience time frames that are required for promotion of applicable known promotion pay grades associated with their qualifications.
- Must provide proof of AFSC.

KNOWLEDGE, SKILLS AND ABILITIES REQUIRED FOR SUCCESSFUL PERFORMANCE IN THIS POSITION:

Each applicant should fully justify on their application how they meet each KSA listed below using AZNG Form 335-2-R to reference the justification.

1. Ability to communicate effectively both orally and in writing.
2. Knowledge of explosive safety standards and procedures and munitions security policies and procedures.
3. Knowledge of supply ordering and receiving procedures.
4. Knowledge of Combat Ammunition System (CAS) and Munitions Operations functions.
5. Skill in operating, and maintaining missile test equipment.
6. Skill in operating computerized data based systems and their associated programs.
7. Ability to properly receive, identify, inspect, and process conventional munitions.
8. Ability to properly store, handle, buildup and deliver conventional munitions.
9. Ability to properly operate, inspect, repair, and maintain Munitions Material Handling Equipment, (MMHE).

SPECIALIZED EXPERIENCE:

WG-05: Must have at least 6 months of experience or training servicing and adjusting ordnance equipment, such as cleaning, lubricating, assembling, and disassembling parts. Experience which has demonstrated the ability to identify and locate troubles by sight. Experience in the use of common hand tools. Experience showing the ability to follow written instruction.

WG-08: Must have at least 12 months experience or training in dismantling, cleaning and reassembling various ordnance equipment such as; target detecting, arming, control, steering, power and propulsion units and devices. Experience which required the ability to diagnose malfunctions. Experience in hand tools and a limited number of measuring instruments. Experience in the use of a variety of test equipment, such as ohmmeters, voltmeters and meggers. Experience interpreting and applying a variety of technical manuals and similar published materials.

WG-10: Must have at least 18 months experience or training in repairing, rebuilding, modifying and testing a variety of major subassemblies. Experience in diagnosing malfunctions and determining repair in major components consisting of numerous assemblies, interrelated electrical, mechanical, pneumatic, and hydraulic assemblies, and components. Experience in the use of precision measurement equipment. Experience interpreting and applying a variety of technical manuals and similar published materials.

BRIEF JOB DESCRIPTION: This position is located in the Munitions Maintenance, Storage, Handling, and Missile Maintenance Section of the Munitions Maintenance Flight. The purpose of this position is to perform maintenance on assigned missiles, operate missile test equipment, operate the Combat Ammunition System (CAS), store, handle and perform intermediate level maintenance on assigned conventional munitions. Conducts operational tests using special purpose test equipment and precision measurement devices. Analyzes varying forms of data from different sources of test equipment and isolates system component malfunctions by visual observation or use of electronic, pneumatic, and pneudraulic test equipment. Interprets wiring diagrams, evaluates and analyzes equipment specifications and other technical documents. Disassembles missiles and determines the nature and extent of component and parts repair required. Receives assemblies, issues, identifies, inspects and stores conventional aerospace munitions such as bombs, ammunition, starter cartridges, flares, egress munitions, etc. Operates Combat Ammunition System (CAS) in accordance with applicable regulations and manuals. Inspects, maintains, repairs, and reconditions conventional munitions, containers, and munitions maintenance handling equipment (MMHE). Links and repositions ammunition by operating electrical or manual machines and inspecting for defects such as short or long rounds, corrosion and dented cases, and removes unserviceable rounds.

SELECTING OFFICIAL: Lt Col Thomas Obrochta
