Applications must be received by close of business (1530 MST) on the closing date shown above or if mailed postmarked no later than the closing date.** The Human Resources Office will not accept applications that are mailed at government expense, exceptions to hard-copy delivery may be considered on case-by-case basis. Please contact 602-629-4826/4834 for consideration. Faxed applications will not be accepted.

**AREA OF CONSIDERATION:**

This position is in the Federal/Excepted Civil Service and is **open to current members and those eligible for membership in the Arizona Air National Guard.** Individual selected will receive a **Permanent Appointment** after successful completion of a one year trial period. Acceptance of a Federal Excepted technician position of over 179 days in length will cause termination from the Selected Reserve Incentive Program (BONUS). Individual selected will require a military medical records screening if applicable, to be completed prior to appointment, and/or may be required to take a pre-employment medical screening examination dependent on the position type and military medical records screening results.

**INSTRUCTIONS FOR APPLYING:** Individuals applying for vacancies with the Arizona National Guard may submit Optional Form 612 (Optional Application for Federal Employment), or a Resume. Application documents must contain the Announcement Number, Title and Grade(s) of the job being applied for. Personal information must include full name and address (including ZIP Code), Day and evening phone numbers (with area code). Work experience information should be limited to either paid or nonpaid experience directly related to the position that the individual is applying for and must include: Job Title, Duties and accomplishments, Employers name and address, Supervisors name and phone number, starting and ending dates, hours per week and salary.

Applicants **MUST** submit a completed **AZNG Form 335-2-R (Knowledge, Skill and Ability Supplement)** or a separate document explaining how they meet each Knowledge, Skill and Ability listed below and a **Resume** or the **Optional Form 612.** Applicant **MUST** submit complete **RIP** and/or other documentation to verify possession of **AFSC**

**EVALUATION PROCESS:** Each applicant must **FULLY SUBSTANTIATE** on their application how they meet the requirements listed in the specialized experience area; otherwise applicant will be considered unqualified for this position. Applications will be evaluated solely on information supplied in the application (OF 612) or resume. Experience will be evaluated based on relevance to the position for which application is being made. Include job titles, starting and ending

dates (month and year), hours per week, salary, duties/accomplishments, employer(s) name and address, and supervisor(s) name/phone number and permission to contact.

---

- NOTE: Open until filled- Applications will be reviewed every 30 days for consideration for hire until 20 Dec 18.
- NOTE: This position is subject to rotating shifts, night shifts, and weekends/holidays.
- NOTE: This position is subject to work multiple aircraft types.
- NOTE: Applications missing required forms, personnel report, Military RIPS, dates and signatures will not be considered.
- NOTE: Member will be UTC tasked and subject to involuntary deployment.
- NOTE: Applicant must submit completed RIP to verify possession of AFSC.
- NOTE: Unless otherwise amended this position will close on 20 Dec 18.

---

**KNOWLEDGE, SKILLS AND ABILITIES REQUIRED FOR SUCCESSFUL PERFORMANCE IN THIS POSITION:**

**Each applicant should fully justify on their application how they meet each KSA listed below using AZNG Form 335-2-R to reference the justification.**

1. Knowledge of the entire maintenance quality assurance program to include the full range of principles, concepts and methodology and the establishment of procedures for monitoring the quality of products in a maintenance environment.
2. Knowledge of systems, subsystems and end item components and the functional relationships among components and subsystems, and test and measurement techniques of avionics systems.
3. Knowledge of the technical orders, techniques, equipment, and documentation used for USAF aircraft maintenance.
4. Knowledge of inspection and evaluation techniques, statistical methods, mathematics, production management, industrial management, and database management skills to perform root cause, deficiency, and trend analysis.
5. Knowledge of the practices, policies and procedures of related functional and administrative activities such as engineering disposition requests, maintenance production. General knowledge of the TCTO and QDR process and the interface/coordination with depot engineering and supply process.

---

**SPECIALIZED EXPERIENCE:** Successfully completed 36 months of specialized experience that equipped the applicant with the particular knowledge, skills, and abilities (KSA's) to successfully perform the duties of the position, and that is typically in or related to the position to be filled. To be creditable, the specialized experience must have been at the WG-12/13 grade level or equivalent under other pay systems in the Federal service. Experience is that which may have been gained while performing on or off-equipment avionics maintenance at the craftsman level, familiarity with USAF technical orders, software management, cryptologic procedures, fault isolation procedures, reading wiring diagrams and schematics, documentation procedures, and use of specialized diagnostic test equipment.

**BRIEF JOB DESCRIPTION:** This position is located at the 162nd LRE, Fort Huachuca, Arizona. The primary purpose of this position is to establish and execute a planned systematic approach of quality assurance for all areas of aircraft maintenance, designed to provide the maintenance managers confidence that aircraft, aircraft systems, munitions, equipment, products or supporting processes conform to technical, safety, work load and customer requirements. The overall objective is to ensure that quality considerations are addressed and requirements achieved for all aircraft maintenance work and support functions to ensure end items perform as intended with reliability. Serves as the primary technical advisory process in the maintenance organization designed to assist maintenance managers. Serves as the Quality Assurance Specialist (QAS) for the planning, implementation and execution of a quality assurance program that includes the full range of quality principles, concepts, inspection techniques, surveillance and evaluations related to quality assurance functional programs of all assigned aircraft, aircraft components, aerospace ground equipment, electronic equipment & systems, armament, munitions, engines, associated systems and maintenance personnel from numerous job series, and maintenance disciplines.

**SELECTING OFFICIAL:** CMSgt David Velasco, DSN: 454-2249
