KNOWLEDGE, SKILLS AND ABILITIES REQUIRED FOR SUCCESSFUL PERFORMANCE IN THIS POSITION:
Each applicant should fully justify on their application how they meet each KSA listed below using AZNG Form 335-2-R to reference the justification.

1. Ability to instruct and evaluate pilots through a broad training spectrum, in addition to performing pilot duties.
2. Knowledgeable about projecting unit training requirements and preparing required training records by utilizing all available training aids.
3. Thorough knowledge of airplane systems and procedures under normal, instrument, and emergency conditions.
4. Knowledge about mission planning and preflight briefings that include: intelligence briefings, weather briefings, mission objectives, and other agency coordination to ensure safe flight procedures and effective mission accomplishment.

SPECIALIZED EXPERIENCE: Must have at least two years working experiences in civilian aviation programs; or, military service aviation programs (active duty or reserve components); or, in the Army National Guard Aviation Support facility; or, Air National Guard Wing/ Operations Group. Qualification competencies are determined by three factors: The aircraft operated; the nature and purpose of assignments; and, the degree of hazard. Experienced in piloting and instructing pilot skills in one or more of the following main- frame/military aircraft: Fixed-wing, rotary, or remotely piloted aircraft (RPA). Although a variety of piloting administrative tasks are performed in support of an Air National Guard aviation program, the required competence for this grade includes the ability to train and instruct others in the piloting of a specified main-frame military aircraft. Experienced in reading and applying mission tasks, intelligence reports, and weather information. Experienced in supervising and/or conducting mission planning, mission preparations, filing of flight plans, and conducting crew briefings. Experienced in aircraft preflight inspections, aircraft loading, equipment assessments, and mission manning. Experienced in operating aircraft controls and equipment. Experienced in performing or supervising the work procedures involved in navigation, in-flight refueling, search and rescue operations, surveillance, or reconnaissance. Experienced in planning, scheduling, and conducting training flights through Federal Aviation Administration controlled national airspace. Experienced in standardization and evaluation programs, written ground examinations, emergency procedures, and aircrew performance standards in accordance with applicable directives and Federal Aviation Administration

certification requirements. Experienced with wartime and peacetime contingency plans and supplements used for unit mobilizations, deployments, strange field operations, or troop missions and redeployments.

BRIEF JOB DESCRIPTION: This position is located at the unit level in the Air National Guard (ANG) Aviation Wing, Operations Group at the 162d Wing in Tucson, AZ. The primary purpose of this position is to both personally pilot and to instruct others in the piloting of highly advanced military Remotely Piloted Aircraft (RPA) which involves such functions as launch and recovery, surveillance, surface attack, full scale weapons employment, mortar to arm escort, killer scout, target illumination, laser targeting, functional flight tests, and flight testing. This position description is designed for those National Guard unmanned aircraft where the pilot is issuing flight control commands directly to the aircraft via “stick and rudder” as opposed to those where the operator inputs flight and navigational commands into a flight control system which determines the appropriate “piloting” actions. The incumbent performs limited supervisory duties over a small number of RPA pilots and instructor pilots. The supervisor responsibilities are performed for less than 25% of the average work time.
