-

BRIEF JOB DESCRIPTION:

Incumbent serves as an Aviation Maintenance Technician and Armament Officer for the United States Army Flight Training Detachment (USAFTD), supporting the Republic of Singapore's Peace Vanguard program. Assists the USAFTD Commander and staff sections in the development, coordination, and execution of all Peace Vanguard missions, aircraft maintenance functions, and support activities to maintain an effective AH-64D maintenance program. Advises the Command on all maintenance training and mission matters and manages personnel, supply, equipment, and facility assets in accordance with unit standard operating procedures for maintenance activities. Interprets United States Army and Republic of Singapore Air Force (RSAF) regulations, technical manuals, and orders in order to apply safe and effective maintenance measures for assigned aircraft and equipment. Provides direct oversight and supervision in a variety of maintenance support and maintenance specialties, to include back shops, structural repair, avionics, hydraulic, fuel systems, propulsion, and non-destructive inspection (NDI). Provides maintenance liaison to the RSAF command section. Additional duties include PV facility manager and supervisor of Government Purchase Card holders. Performs other duties as assigned.
