Experience will be evaluated based on relevance to the position for which application is being made. Include job titles, starting and ending dates (month and year), hours per week, salary, duties/accomplishments, employer(s) name and address, and supervisor(s) name/phone number and permission to contact.

---

**BRIEF JOB DESCRIPTION:**

This position is located at Davis Monthan Air Force Base, 162d Wing Detachment 2. The purpose of this position is to serve as a Detachment systems administrator to monitor classified and unclassified Local Area Networks (LANs), including the planning, analysis, acquisition, design, development, implementation, quality assurance, configuration, installation, integration, maintenance testing, operational integrity, and/or management of networked systems for the transmission of information in voice, data, and/or video formats. Implements new network operating systems hardware/software and develops the Detachments network operating procedures. Reviews, evaluates, and fine-tunes components such as switches, routers, and network control devices to achieve peak efficiency within the overall network operability. Receives and implements network, communications, and related operating systems from various sources such as DoD, Air Force, Air National Guard, and commercial vendor release authorities. Forecasts and prepares recommendations, justifications, and specifications for LAN equipment and future technology integration and works issues for compatibility and standardization based on current and projected customer needs. Uses benchmarks, performance measurement, and evaluation data, in conjunction with modeling and simulation techniques in planning for increased capacity and to support additional workloads. Recommends methods and procedures and coordinates corrective action to optimize utilization of present equipment. Coordinates LAN component installation, maintenance, and troubleshooting. Identifies and documents network and system configurations. Maintains an inventory of all network hardware and software. Performs other duties as assigned.
