SELECTING SUPERVISOR:

COL Pfeifer

BRIEF JOB DESCRIPTION:

The Production Control Officer is the principal maintenance manager and UH-60L Maintenance Test Pilot (MTP) for Western ARNG Aviation Training Site Maintenance Battalion. Serves as the maintenance Battalion Commanders' primary maintenance advisor for all internal production and maintenance activities. Must possess sufficient maintenance experience and background to direct large operations that include performing maintenance test flights of UH-60L aircraft to determine that the airframe, power plant and power train, subsystems accessories, and other auxiliary equipment are functioning in accordance with current US Army publications, policies and predetermined requirements in the intended operational environment for the purpose of certifying the airworthiness of the complete aircraft; Coordinating scheduled/ unscheduled maintenance with Production Control, Quality Control and Back shops; formulating and ensuring compliance with DA, NGB, and State plans, directives and regulations. Possess the ability to develop plans and establish maintenance policies and procedures to assure effective support of aircraft for schoolhouse and training requirements. May be required to prepare reports pertinent to aircraft maintenance and maintenance programs. This position is focused on increasing the overall readiness of the Battalion, which requires establishing goals, objectives, and requirements for all aircraft maintenance activities. The position may require the supervision of General Schedule and Wage Grade federal technicians. Working knowledge of Army aviation, personnel administration, logistical management, and training doctrine preferred.

EQUAL OPPORTUNITY:

The Arizona National Guard is an Equal Employment Opportunity Employer. Soldiers will not be accessed, classified, trained, promoted, or otherwise managed on the basis of race, color, religion, gender, national origin, or reprisal, except as the direct combat probability coding policy applies to women.
